IPC: Twenty Minutes * (Jonty Rhodes)
LC: The London Project * (Neil Powell)

* During this portion of the partnership meeting, the particular ecclesial entity will present to the meeting participants its unique core values, ministry vision, and particular context. Additionally, it will determine whether to introduce two (2) or three (3) church planters. Please remember this is only a one-minute introduction (Name \ Face \ Congregation \ Ecclesial Group). Our recommendation for this and future meetings is to present two (2) church planters. Each group will have twenty minutes (20) for their presentations.

During this time, our friends from the U.K. will introduce us and inform us of their church planters, budgets, target areas, etc. This information will be presented as **Project Work Sheets** (PWS). PWS will answer the questions of Who? What? When? Where? Why? How Much? A PWS will be limited to one page of paper, using both sides.
